

2022 CSM Ethics Bowl – Tournament Structure and Schedule

Tournament Structure:

- During the group stage, each team will participate in two matches. There are two groups with three teams each, and three matches within each group.
- Matches in Group A and Group B will take place simultaneously, in two separate classrooms. The rounds are listed from top to bottom; that is, Round 1 in Group A is CDMX Team 2 vs. QRO Team 2; Round 2 in Group A is CDMX Team 2 vs CV Team 1; etc.
- The winner and runner-up of each group will be determined by counting the number of wins. If one or more teams have the same number of wins, the following tiebreakers will be used, in the following order:
 - Lowest number of losses (so a team that has one win and one tie will rank higher than a team with one win and one loss)
 - Highest total number of judge votes
 - Highest point total over the three matches
